Power productivity.
Transform transportation.

Streamline Transportation with Club Car's New and Adaptable Transporter XL

If you are still transporting employees, guests and others across your site in full-sized vehicles, you may be wasting time and money. Yet it can be hard to find a generic vehicle that meets your exact needs.

Club Car's new Transporter XL people mover is a more cost-effective and customizable option. Constructed on our proven Transporter platform, it can be personalized for hauling, transportation or a combination of both.

Powerful, Rugged and Reliable.

Electric models feature heavy-duty 500-amp controllers and motors that deliver amazing low-end torque and 21 peak horsepower (15.7 kW) year after year.

Gasoline models feature 14-hp rated single-cylinder overhead cam engine with electronic fuel injection.

The vehicles come standard with titanium silver bodies and gray seats. Optional colors are available at a slight charge.

Our electric vehicles charge at any AC outlet with Club Car's exclusive onboard charging station.

ABOUT THE TRANSPORTER™ XL

The vehicle carries up to eight passengers, comes in gasoline or electric models, and offers the following basic configurations:

- Four passenger with a long bed or
- Six-passenger with a standard bed or
- Eight passenger with rear-facing fold-down seat.

Other configurations are available.

Comfortable and Cost-Effective. The vehicles are spacious and easy to enter and exit. They are available through our Custom Solutions Department. They come with the following standard equipment:

- 1 Fold-down rear seats
- 2 Handsome alloy wheels (Optional)
- 3 Bumper guards
- 4 Dual USB ports

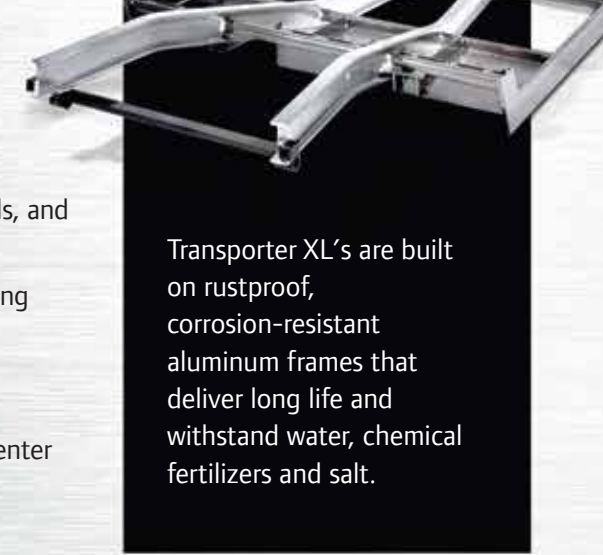

- Electric Models Only:**
- 5 Single-point watering systems for easy battery maintenance (not shown)
 - 6 Extended range batteries
